

# Our community's future depends on the involvement of the younger generations.

The YP Giving Circle was developed as an outlet for our area's young professionals to get involved with philanthropy.

"Leadership Northeast knows that our region's young professionals have the power and the skills to affect major positive change throughout Northeast Pennsylvania. YP Giving is an excellent opportunity to harness the collective passion and drive of a generation that will no doubt make great things happen in this community. Leadership Northeast is proud to partner on such an exciting and game-changing initiative as we work to develop a philanthropic and servant leader mindset throughout the region."

# What is YP Giving?

YP Giving is a new philanthropy program run through the Greater Wyoming Valley Chamber of Commerce, The Luzerne Foundation, Leadership Northeast, and AllOne Charities, in partnership with the Chamber's Young Professionals Network.

This program gives young professionals in the Greater Wyoming Valley the opportunity to leave a lasting impact on their community through a local giving platform, and also helps to cultivate our next generation of philanthropists. AllOne Charities will be matching community donations during this program's inaugural year, dollar for dollar.

Donations can be made in a variety of tiers that allow young professionals to contribute at their financial comfort level, to create an inclusive and accessible philanthropic experience.

"Our organization and community has made it a priority to engage, spotlight, and empower our young leaders, who are the future of NEPA. This effort is an evolution of our Young Professionals Network and is a way to engage the many outstanding young people in our region who want to be involved in the community through philanthropic efforts. We are so thankful for this opportunity through AllOne Charities and our partners, The Luzerne Foundation and Leadership Northeast.

This will be not only be incredibly impactful for the local nonprofits receiving the funds, but create a strong pipeline for our future generations of philanthropists and leaders."
